

OMEGA CHEMICALS

Lower Cost Compressed Air

“When we were looking for a compressed air supplier that could cater to our specialised needs... Southern Cross Compressors product quality and customised service plan exceeded our expectations in terms of performance and overall cost savings”.

*Bob Gray, National Operations Manager,
Omega Chemicals*

After servicing their compressed air system over the past 5 years, Southern Cross Compressors were engaged to design, supply and install a new KHE Rotary Screw Compressor and system to cater for Omega’s expanded needs now and well into the future.

Southern Cross worked with Omega to create a customised, 5 Star Service Plan that perfectly suited the variable demands of this specialised industry including 24 hour call-out.

5 year extended warranty.
